SON THROWS HIS MOTHER AND FATHER OUT OF HOUSE

Gets Angry Because He Doesn't Like Dinner and Now He'll Eat Workhouse Fare.

"What's the matter with you?" queried Magistrate McGuire in the Gates avenue police court, Brooklyn, this morning.

The prisoner at the bar was Charles Becker, thirty-five years old, the successful son of his white-haired parents, living at No. 53 Hiram street. Charles is a young man who lives with and on his parents. It does not make any difference to him at what hour he gets home, the dinner must be on the table when he arrives. Last night's meal wasn't according to his liking and he, showed his displeasure by throwing his father and mother out of the house. They had him arrested.

And that is why Magistrate McGuire addressed him as he did in court this morning. Charles preserved a stolid front, chewed gum and said there was nothing the matter with him. "Six months in the workhouse for you," said His Honor, and the undutiful son squirmed. "With hard work," continued the Magistrate. Charles went pale and turned a beseeching look to his parents, but he was too late. He must work for the next six months.

The Advice of the Professional Model

to all women who wear corsets:

"I have to have style for my work. I have to have comfort for my health. I find both in an

R & G CORSET

"Many women don't really know what to look for in a corset. Of course, women want style first of all. But how many women know that style lies simply in the curves and lines, the cut and grace of the corset. A corset is just like a tailored coat. Its beauty lies in the way it is cut. No added device can begin to do for a corset what the correct sweep of its seams will do.

"There isn't just one kind of R & G corset. There are many different styles—each adjusted exactly to a different figure. I never saw a woman yet who couldn't walk off in a perfectly fitted R & G. So many look at just one R & G and take that. I always advise my people to look right through the line of R & G corsets, and select the one that was designed by the corset artist for her particular kind of figure."

So said this woman, whose earnings depend on her good style and her good health. Take her advice, for she knows.

There is an R & G corset for you—one that fits you, suits you exactly. When you go to the store, insist on that one. See the various styles of R & G corsets till you come to the one planned by our designers to fit your particular figure.

Headache?—It's Your Liver

Too Many People Take Headache Powders When a Liver Tonic Is Needed.

Try Olive Tablets—the Substitute for Calomel.

Anyone who takes Dr. Edwards' Olive Tablets the moment he suspects his liver or bowels will never have headache. There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, gripping salts or castor oil, as you should after taking calomel. Olive Tablets do not contain calomel or any other metallic drugs; they are a purely vegetable compound mixed with olive oil, sugar-coated, easy to take, and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box. The Olive Tablet Company, Columbus, O.

A VALUABLE SUGGESTION.

IMPORTANT TO EVERYONE.

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention the New York Evening World.
